Profile

First-year Computer Engineering student at Polytechnique Sousse, passionate about technology, artificial intelligence, and software development. Strong foundation in algorithms, programming, and web and mobile development. Curious and motivated, I am seeking an internship opportunity to apply my knowledge in real-world projects and collaborate with industry professionals. Always eager to learn, I am ready to take on new challenges and contribute actively to an innovative team.

Education

- **Computer engineering degree**
Since September 2024 **Polytechnic School of Sousse** Sousse, SS, Tunisia
- **Baccalaureate diploma**
From September 2018 to June 2021
Abou Kacem Chebbi High School Al Mahdiah, MH, Tunisia
- **Degree in computer science**
From September 2021 to June 2024
Higher Institute of Computer Science of Mahdia Al Mahdiah, MH, Tunisia

Work experience

- **End-of-study internship**
From February 2024 to May 2024
Higher Institute of Computer Science of Mahdia Al Mahdiah, MH, Tunisia
 - Understand and implement the basic principles of the Scrum methodology (sprints, backlog, roles, etc.) in a mobile application.
 - Gain in-depth expertise in cross-platform mobile application development with Flutter.
 - Ensure code quality, scalability, and maintainability of the application.
 - Ability to work independently and solve technical problems.

Work experience

Introductory Internship

From July 2022 to August 2022 **Society in sfax** Safaqis, SF, Tunisia

- Fast and efficient execution of assigned tasks.
- Team collaboration through communication, idea sharing, and joint efforts

Interests

Travel: Spain, Germany

Camping

Associative Activities

Projects

Design and Development of an AI Application for Player Performance Management

Tools: Python

- Developed an AI-powered application to analyze and manage player performance, leveraging Python for data processing and machine learning.

Design and Development of a Mobile Application for Web Browsing

Tools: Android Studio (Java)

- Created a mobile application enabling users to browse the internet.

Design and Development of an E-commerce Website

Tools: HTML, CSS, JavaScript, PHP, SQL

- Designed and developed a fully functional e-commerce website, ensuring a seamless user experience and secure payment integration.

Design and Development of a Simple Chat Mobile Application

Tools: Dart, Flutter, Firebase

- Built a real-time chat application with user authentication and data storage using Firebase.
